Programme Specification & Assessment Criteria 2021/22

The School is currently planning for the next academic year on the basis that Step 4 of the UK Government road map will have been achieved by the first day of term, Monday 13 September 2021. This means that teaching and performance activities next academic year are expected to be primarily in-person, as set out in the programme and module specifications (“Gold copy”).

However, new and continuing students need to be aware that this situation may change and consider this in their decision making; the last sixteen months of the pandemic have shown that nothing is certain. Possible future scenarios range from standard in-person teaching, near normal in-person teaching with mitigations (such as students being required to take regular lateral flow tests and wear face coverings), blended learning with a combination of in-person and online activities, to a worst case scenario of a short-term lockdown.

The School managed blended learning very successfully this academic year with core teaching/performance/production activity offered in-person (with small class sizes to allow for social distancing) complemented with online classes and tutorials. Apart from during the January and February 2021 national lockdown the School was able to offer in-person activities throughout the academic year. The School will do its utmost to deliver in-person activities next academic year but will necessarily have to be guided by government regulation on this matter.

Programme details may change in future academic years, please consult the “Gold copy” for the given year. Any programme, module and assessment criteria amendments will be approved following consultation of the student body through the School’s academic governance committee framework and in-line with the requirements of the School’s Academic Regulatory Framework.

10. Aims of the Programme

This programme aims to:

- Provide specialised musical guidance to highly skilled performers for developing their musical artistry.
- Support the students in extending and refining core and specialised repertoire as the basis for their immediate professional future.
- Provide practical training in skills immediately relevant to each student's specialization.
- Provide the students with learning and peer environments that enable them to further recognise and nurture their strengths.
- Assist the students to further their careers with the high standards of preparation, and with guiding towards professional contacts and opportunities.
- Afford the students, in their artistic and professional learning and development trajectories, the right level of individual flexibility and responsiveness, including recognising the needs for exceptional levels of individual practice and/or production times, and for periods of musical activities outside the School.

11. Criteria for admission to the Programme

11.1 Selection Process

Admission is for studying in one of the following performance specialisations: Instrumental (string, keyboard, WBP), Vocal, Opera (for both singers and répétiteurs), Jazz and HP. WBP and String students coming from an orchestral Masters programme are also likely candidates if at the right level.

The selection process is the following:

- 1) Principal Study audition, or submission of a live recording (e.g. for students from abroad)
- 2) Evaluation of the candidate's artistic Curriculum Vitae, complemented by an informal interview with the Head of Department (e.g. phone interview for students from abroad), if necessary (e.g. clarifying CV details, considering artistic and professional aims).

Offers are discussed and approved by the Artist Diploma Admission Board that includes the Director of Music, the Head of Music Programmes, the Head of Advanced Instrumental Studies and the Heads of relevant PS Departments.

11.2 Standard entry requirements:

11.2a Principal Study: The candidates' PS level needs to be comparable to the School's distinction standard at Master's level, and show potential for further development.

The candidate's artistic and professional CV needs to show a high level of activities both in the nature and prestige of the experiences, and possibly evidence of future planning.

Entry is competitive and in practice candidates would normally need to demonstrate higher achievement than the minimum.

11.2b Academic requirements: The minimum academic qualification for entry is a national or internationally equivalent Masters degree.

11.2c English Language requirements: Non-native English speakers will normally be required to have achieved, by the beginning of their first term, a minimum of 5.5 in each component of the IELTS Academic English test, or equivalent.

In appropriate circumstances, the external examination may be replaced by the School's internal language test. The School reserves the right to require students to attend a non-credited class in the English language.

11.3 Non-standard entry procedure

For students successful in PS and CV, but that don't meet the academic qualifications entry criteria by the beginning of the Academic Year, the Artist Diploma Admission Board might make recommendations to the School's Academic Board after evaluation of the following:

- Evidence of formal studies and qualifications prior to coming to the School, provided by the student.
- Evidence of experiential learning at an adequate artistic and professional level prior to coming to the School, provided by the student.

11.4 Advanced Standing

The Programme is two full-time years, open to advanced standing (direct entry to the second year) if students possess the required level at admission process, both in performance standards and in artistic and professional caliber. Applicants wishing to be considered for advanced standing must make their request, and have it approved, by 15 July prior to enrolment (and prior to the issue of the CAS for Tier 4 students).

12. Programme outcomes:

* Indicates transferable skill, in square brackets an indicative link to assessment criteria

A. Technique and knowledge

On successful completion of this programme the students will be able to demonstrate:

A1---Highly developed artistry in their performance specialisation and its related skills. ['Performance' a)]

12% Contact Hours Vocal Studies,

33% to 58% Contact Hours in Opera Studies

14. Teaching & Learning Methodology & Assessment Strategy

14.1 General approach

The Programme is for advanced students with exceptional individual aptitude in the specialism applied for and represents, in artistic and professional breadth and demands, progression from the School's Guildhall Artist Master's Programme.

The contact time is as structured or flexible as required by the specialisation and by the artistic and professional needs and ambitions of each student. The students are proactive with their PS departments in shaping and planning their overall learning arrangements. Students can also opt or be required to be part of ensemble, orchestral or operatic projects.

The Programme Design has been informed by reference to the FHEQ guidelines (2014).

14.2 Teaching and Learning

Teaching provision varies considerably for those pursuing the different specialisations.

For example, for the instrumental and vocal specialisations contact time needs to be highly selective and reduced, for opera it has to take into consideration theatrical skills and collective rehearsal schedules. Jazz and HP normally have a considerable number of ensemble activities alongside individual lessons.

A) The overall contact time per year for Instrumental and Voice specialisms (including Jazz and HP) follows broadly this structure:

- PS lessons: 45 hours (for voice PS this includes individual lessons plus coaching)
- PS coaching and classes, masterclasses, platforms, performance projects, collaborative project (chamber music, orchestra, ensembles): access to a minimum of 75 (instrumentalists) -105 (voice) hours per year

In total, an average of up to 4-5 hours a week (over 30 teaching weeks) of contact time.

B) The contact time per year for the opera specialism is as follows:

- PS lessons and coaching: 60 hours, including a dedicated “repetiteur class” for repetiteurs.
- Rehearsals and performances in opera scenes and/or fully staged operas (according to departmental plans, and individual roles): 300 – 600 hours
- Classes in Movement, Drama, Makeup: 40 hours

In total, an average of 13-23 hours a week (over 30 teaching weeks) of contact time.

For both A) and B) there is also, once a term, PS Mentoring (HoD, Deputy HoD or senior PS departmental staff).

Learning is of course dependent upon a combination of teaching time and individual practice. Individual practice is fundamentally dependent on individuals and on PS specialisations, but roughly 25/30 hours per week is expected, including preparation away from the instrument (e.g. mental practice, analysis and study of scores and parts).

14.3 Induction and monitoring

In each year, students are enrolled and have a general group induction meeting with the Head of Programme. Follow-up individual meetings with the HoP take place in term 1 and term 3 of each year.

14.4 Assessment

Assessment consists of the following:

14.4a Year 1

1) Performance A: at the end of the first year. The length is normally 45 minutes (Instrumental/Vocal/Jazz/HP) or variable (Opera). Repetiteurs' Assessment A is 45 minutes normally split between a coaching session and an audition (50/50).

2) Portfolio A: log of artistic and professional activities during ArtDip year 1, both in and outside the School.

3) Viva Voce A: on artistic and professional progress, including activities both inside and outside the School.

14.4b Year 2

4) Performance B: at the end of the second year. The length is normally 80 minutes of music (Instrumental strings and piano), or 50-80 minutes of music (Instrumental WBP, Vocal, Jazz, HP), or variable (Opera). Repetiteurs' assessment is normally 50-80 minutes split between a coaching session and an audition (50/50). The inclusion of a short interval is at the student's choice, according to the demands of the repertoire and duration of the programme.

5) Portfolio B: log of artistic and professional activities during ArtDip year 2, both in and outside the School.

6) Viva Voce: on artistic and professional progress, including activities both inside and outside the School.

In general, performance assessment requirements are driven by the individual students' artistic and professional aims, by the practices of the profession, by the ArtDip Programme parameters and the performance programming and scheduling of the School (e.g. for Opera). Programme content for both Performances A and B must be approved by the PS Departments.

Students receive also formative assessment in the form of continual feedback from PS professors, senior PS staff (e.g. in platforms), coaches, conductors and production directors, as appropriate.

Advanced Standing students are only assessed on year 2 components (14.4a and b)

15. Years and modules

Please note that there are no separate modules for this programme.

15.1 Year 1

Core modules: students must take & pass all of the following:		
Title	Credits	Level
Artist Diploma	120	7
TOTAL	120	7

15.2 Year 2

Core modules: students must take & pass all of the following:

15.4 Reading & Resources

Principal Study teachers advise repertoire in the Principal Study area to students individually. Scores and recordings for most standard repertoire works and many lesser-known works are located in the Guildhall School Library. Students are encouraged to use the more recent scholarship when choosing their scores.

16. Assessment Regulations

These regulations are in addition to the general assessment regulations for taught programmes included in the Academic regulatory framework, that covers Board membership, attendance at examinations and submission of coursework (including late penalties), extenuating circumstances, external examiners and academic misconduct.

16.1 Period of registration, progression, resit and award.

a) Periods of registration

The minimum and maximum periods for the awards within the programme are as follows:

Two-year programme;

Minimum – 2 years

Maximum – 3 Years

One-year programme with advanced standing

Minimum – 1 year

Max – 3 years

b) Progression

At the end of Year 1, all assessments listed under 14.4a need to be passed.

c) Assessment

In order to pass each year, a student must complete successfully all the assessments listed under 14.4a and 14.4.b. The pass mark is 50%, or 'pass' (for pass/fail components).

The final degree classification depends solely on the result of Performance B.

Advanced Standing students need to pass all assessments listed under 14.4b.

d) Resit Provisions

If the Assessment Board requires that a resit be conducted, the Board will determine whether:

- The failed assessment should be resat; *and/or*
- A specific assessment activity should be undertaken.

A student who successfully completes a resit is awarded the minimum pass mark of 50%, or a 'pass', as appropriate.

A student who does not satisfy the resit by the date specified is recommended by the Assessment Board for fail-withdraw.

e) Resit charges

The costs of the resit examination will be the responsibility of the student. Details will be given in full in the *Artist Diploma Handbook*, distributed at the beginning of each Academic Year.

f) Award regulations

A student who completes successfully the assessment of the two-year course is awarded the Artist Diploma. The classification is determined by the mark of the Performance B assessment as follows:

With Distinction, minimum 70%

With Merit, minimum 60%

Without classification, minimum 50%

16.2 Assessment requirements

As indicated in 14.4a and b.

16.3 Assessment procedures

All assessments follow standard existing procedures for written submissions and viva voce (with a pass/fail outcome), and performances (marked). The criteria applied are the School's Music level 7 'performance' (for the performance assessments) and 'reflection' (for submission and viva voce).

In particular, the examining panel of Performance B includes three members of staff.

- a chair that can be the DoM, a HoD (not necessarily of the PS being examined) or other Senior member of music staff;
- one more HoD /Senior member of music staff and

- an external assessor.

The external assessor and at least one internal member of the panel need to be specialists in the PS examined. The external examiner is also invited to attend.

16.4 Scheduling of Assessments

The schedule (portfolio deadline, viva voce schedule and performance assessment times and venues) are prepared and communicated by the Music Office to students normally by the end of the first term. For Opera students, the assessments happen as part of the Opera Department normal productions (singers), or are scheduled separately (repetiteurs).

16.5 Assessments off-campus

Normally both Performances A and B take place in the School, but it might be possible to exchange one or both of these with external London-based performances (and, exceptionally, UK based), if they are in an appropriate venue and of the appropriate artistic nature and professional standard. Students need to apply to the School via the Music Office well in advance of the event. For both London-based and UK-based performances the School will arrange the assessment panel.

16.6 Feedback to students

The School endeavors to provide students with feedback as soon as the assessment task has been completed. Results in form of grades that students might receive will be provisional until they have been agreed by the relevant School Assessment Board and the Pass List has been signed by the School's Academic Registrar. The Registry sends to all students, at their home address, the transcript and copy of the relevant reports.
