

Tuition Fees for continuing students in 2023/24

The tuition fees are for the listed academic year, subsequent years of study whether full or part-time will be charged at the rate for that year except where indicated. For regulated Home undergraduate fees¹, the School will charge the maximum fee permitted by the government for that year. All other tuition fee levels are set by the School's Board of Governors at least a year in advance and may reflect the inflation rate at the time of approval and any significant changes in the cost of delivery (e.g. utility costs) where relevant. You should budget for a minimum annual increase of 2% to 3%.

Due to the recent significant increase in the rate of inflation, these transitional tuition fees apply for continuing students. Fees for 2023/24 entry are stated on a separate schedule. Any intermitting students will join the fee regime of the cohort for the year they return to.
