

2023 ENTRY SUPPORTED APPLICATION SCHEME

Eligible Youth Organisations

Below is a list of youth theatres and arts organisations which are eligible under the criterion 'Attend a partner school or youth organisation'. Applicants who regularly attend sessions with one of these organisations will meet this criterion.

Please note that applicants do not have to work with one of these organisations to be eligible for the Supported Application Scheme, only this specific criteria – there are alternative criteria which can be met.

This list may be updated over the course of the year, as new relationships are established. If you work for an organisation that is not on the list below, but believe that you work with a number of potentially eligible people on your programmes, please contact the School's Access and Participation Team on wp@gsmd.ac.uk to discuss whether it would be suitable to add your organisation to this list.
