HERE'S MY STORY

My previous work experiences range from working in theatre, events and studio work. During this time I have gained experience within all aspects of production which include rigging, carpentry, lighting, sound, staging and much more. My goal is to continue to learn and develop my skills to become a competent Production Electrician. Working alongside colleagues to complete projects in a timely manner is something that comes naturally to me and delivering excellence in every project.

SKILLS

- ◆ PROGRAMING ON ETC EOS SERIES CONSOLS
