

## Student Status and access to facilities

Last updated: Summer 2024

### **Introduction**

This document outlines access to facilities for different student statuses.

All students will retain access to facilities as outlined below until the end of their programmes. This is the day after the last day of the summer term for undergraduate and standard year PG (Grad Certs not continuing, second year Music Therapy, Artist Diploma students) and 1 September for all other PG. IT Accounts will remain open until after the Board of Examiners has taken place and a reminder will be sent to students to confirm the date the IT account will be closed. For research students, their access will cease from the date of their award. Where a student has a reassessment their access will be arranged depending on the nature of the reassessment they are undertaking and whether they are completing the reassessment in or out of attendance. Any queries regarding access should be directed to departmental administration offices in the first instance.

Continuing students will retain their access to facilities over the summer period(s) but this may need to be manually adjusted by the relevant administrator. Student Affairs services will be offered where available as some staff are term-time only.

All students may have their access temporarily suspended due to temporary enrolment status or temporary suspension for non-payment of tuition fees or due to disciplinary matters. Access to facilities will be suspended on a case by case basis.

## TABLE OF CONTENTS

Introduction .....	1
Full HE Students (course codes starting with U, P or N) .....	3
UG and PG Programmes .....	3
PGCert (online only).....	3
BA Acting Studies (Year 4).....	4
